Summary

Hello, everyone I'm Arrico Handyanto. I am interested in Web and Mobile Development. I can do a bit of Back End Development, but dominant and prefer more on Front End Development. During college, I learned some knowledge of HTML, CSS, PHP, SQL, and Java. Currently, I managed to learn another new knowledge like Javascript, NodeJS, ReactJS (CRA), NextJS, even Typescript.

And I'm still waiting to get more!
